VOLUME CVI.---NO 81. ALEXANDRIA, VA., THURSDAY EVENING, APRIL 6, 1905. PRICE 2 CENTS.

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dingy complexion, discolored eye, fluctuations in physical strength, nervousness, sleeplessness, despondency. No person will have all these symptoms at once.

The restoration of the stomach to sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Silica, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about eight months, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

GOOD ROADS AGAIN.

The Virginia Good Roads Association, which was formed at a convention held in Danville on January 31st, elected a temporary bureau, consisting of one member from each congressional district of the State to take charge of the "good roads" improvement and to conduct a campaign of education and organization throughout the Commonwealth.

This bureau was duly organized at Richmond on the 14th day of February and elected Mr. W. N. Ruffin, of Danville, chairman; Mr. A. P. Bipp, of Charlottesville, recording secretary, and Mr. J. S. Oliver, of Danville, treasurer and assistant secretary. It most respectfully and hopefully solicits the aid and cooperation of the press and all good citizens throughout Virginia in behalf of this great factor in our material, industrial and social development.

The First district is represented by Mr. Henry Warden, of Fredericksburg; the Second district by Hon. Robt. Withers, of Suffolk; the Third district by Col. W. M. Cary, of Richmond; the Fourth district by Hon. Chas. T. Lassiter, of Petersburg; the Fifth district by Mr. W. N. Ruffin, of Danville; the Sixth district by Mr. R. S. Barbour, of South Boston; the Seventh district by Mr. A. P. Bibb, of Charlottesville; the Eighth district by Mr. J. T. Wampler, of Culpeper; the Ninth district by Mr. B. E. Watson, of Pulaski; the Tenth district by Judge J. O. Shepherd, of Palmyra, constitute a body of representative men who have the interest of their State at heart in this potent and potential work.

As this bureau is merely temporary and was appointed for the sole purpose of organizing the "good roads" movement throughout the State, it is their purpose to call a convention (composed of delegates from each club in the State) just as soon as the number of clubs warrant it, not later, it is hoped, than July 1st, so that the people may elect a permanent bureau of their own choosing in the place of the temporary bureau.

It is proposed to organize all clubs in the State on the same basis and under the same forms, copies of which will be sent on application to your district representative, or to the head office in Danville. Good citizens in every section of the State are requested to secure these forms and proceed to organize clubs.

The Virginia Good Roads Association advocates federal aid and State aid in the employment of jail and penitentiary convicts, and the appointment of a State highway commission.

As funds will be necessary to further this movement in a proper and prompt manner, contributions will be solicited all over the State, and in addition, each club member will be expected to contribute $1.00 as annual membership dues. The bureau treasurer is bonded for $5,000 and his accounts will be audited by a competent committee every thirty days, so there need be no fear but that contributions will be properly accounted for and judiciously expended.

It is recommended that the clubs as formed write our Senators and Representatives in Congress, urging them to advocate federal aid for permanent "good roads." The public roads, especially since the adoption of the rural free delivery, should have the same claim on the United States treasury as the rivers and harbors, upon which the government spends so many millions every year.

In addition to soliciting the aid of the press throughout the State the bureau has determined to publish monthly a "good roads" paper devoted exclusively to the interest of this movement in Virginia and to send this paper to each member of every "good roads club" in the State, commencing as soon as the club membership reaches 1,000. It is thought that such a paper will be valuable as an educational factor on the "good roads" question, and as a means of communication between the clubs in the various counties of the State.

This is a patriotic movement for the upbuilding of the State and will contribute to the happiness and prosperity of all of her citizens.

Supposed Corpse Sat Up.

The remarkable revival of a victim of spinal meningitis who had been supposed dead and over whom the undertaker was about to perform his functions is exciting Sheepshead Bay, N. Y.

Two weeks ago Benjamin Rader, the son of Morris Rader, living on the Shore road, Sheepshead Bay, was taken ill with meningitis. Last Thursday the lad, to all outward appearances, died and an undertaker was summoned. When he arrived he was sent away and a Jewish undertaker summoned, the people being Hebrews.

As the second undertaker arrived the mother of the lad fainted away and the windows were opened in an attempt to revive her. The rush of cold air had a remarkable effect on the supposed corpse, who sat up and asked for a drink of water.

Another physician was summoned and the treatment resumed. The lad, however died Tuesday night.

New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at E. S. Leadbeater & Sons' drug store.

'Tis Sweet to Think.

When the years have drifted past us,
With our steps close to the brink;
When the shadows draw around us,
'Tis sweet to think, 'tis sweet to think.

The joys of youth rise up before us,
We live o'er the hours of other days;
And tho' the future dark defies us,
The morning's light will pierce its rays.

So with our life's review before us,
Without one break or missing link,
Of happy days and all who loved us,
'Tis sweet to think, 'tis sweet to think.

But better still than such sweet thoughts,
As standing now upon the brink,
To feel that some good your life has sought
Is much the sweeter thought to think.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zichefoose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by W. F. Creighton & Son, 924 Queen street.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timberman and W. F. Creighton & Co.

ROEVER'S BLUE NAPTHA SOAP for sale by
J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, APRIL 6, 1905.

DR. WM H. TAYLOR, State Chemist, delivered an address last night before the Medical College of Virginia, in Richmond, during which he put himself on record as a believer in annihilation, and endeavored to impress the notion upon his auditors that the soul is a generation of the brain, and dies with that physical organ. Solomon, nearly three thousand years ago, in his meditations on mortality and while viewing death from a natural standpoint, made this observation:

For that which befalleth the sons of men befalleth beasts; even one thing befalleth them; as the one dieth, so dieth the other; yea, they have all one breath; so that a man hath no pre-eminence above a beast. * * * All go into one place; all are of the dust, and all turn to dust again.

The difference between Solomon and the Virginia State chemist is vast. The great Israelite, in pondering the subject, subsequently passed from natural deductions to more logical conclusions. "Then (at dissolution) shall the dust return to the earth as it was, and the spirit shall return unto God who gave it," were among the closing thoughts of the preacher, after concluding that all was vanity and vexation of spirit.

DEEP and bitter resentment by the Senate on account of the President's programme in the financial affairs of Santo Domingo is expected when the Senate next meets. They are still several Senators in Washington, and they are expressing themselves with a degree of feeling which foreshadows the coming storm of indignation. There is no doubt that the President has effected indirectly what the Senate refused to authorize as a direct action. That of itself was a blow to senatorial dignity. But the latest proposition to call for international conference to scale down the claims against Santo Domingo, with the understanding that whatever sums are agreed upon as just shall be collected under the authority of the United States, Senators declare, is nothing less than defiance of the Senate and its authority in international affairs. Senators feel that the President has been too energetic in the matter, and are disposed to reject the treaty to curb the President's activities.

NOT only did the democrats carry Chicago and St. Louis and most of the Colorado cities—even those that were reliably republican—but they carried Kansas City and Leavenworth, both in Kansas, where republicans supposed they were perfectly secure, and they carried Jefferson City, Mo., for the first time in twenty-five years, and made gains in all the Missouri towns. A democratic landslide in Colorado is a righteous retribution upon the republicans for stealing the governorship. Most of the municipal elections were carried by the democrats. Pueblo, Colorado Springs and Leadville are normally republican, and the last was carried by the democrats for the first time in twenty years. The crime of the republicans demanded an even more decisive defeat.

IN PARIS they are coming to the conclusion that President Castro is right in the matter of the cable company. It would not be surprising if the same conclusion should be reached in Washington in regard to the Bermudez Asphalt Company and its promoters.

South American scientists have discovered that the tapeworm is a natural enemy of the germ of consumption. According to a report received at the State Department from Consul Canada at Vera Cruz, Mexico, tapeworms have been successfully used to cure patients affected with tuberculosis. "To positively establish the efficacy of this remedy," writes Mr. Canada, "the doctors injected a liquid prepared from the taenia into several consumptives, which action resulted in retarding the progress of the disease in the worst cases, while in others it resulted in a complete cure."

Former Attorney General Judson Harmon, of Cincinnati, and Frederick Judson, a lawyer of St. Louis, who were appointed some time ago by the President to investigate the alleged violation of the interstate commerce law by the Santa Fe system in the granting of rebates, had a conference with Attorney General Moody this morning at which they made a partial report on the evidence thus far collected. The result of their investigation will not be made public until after its completion.

The Interstate Commerce Commission today issued a bulletin, giving statistics of railroad accidents in the United States during October, November and December, 1904. The report shows that during this quarter 53 passengers and 189 employees were killed, and 1,430 passengers and 1,868 employees injured. Other accidents to passengers and employees, not the result of collisions or derailments, bring the total number of casualties up to 14,978 (951 killed and 14,027 injured).

Jusserand, the French Ambassador, called upon Secretary Taft early this morning for the purpose of being informed as to the German note on Morocco which was presented to the United States yesterday afternoon and which declares for the 'open door' as regards that country. His conference was very brief and he was assured that no action had been taken by this government on Germany's communication and that none would be taken until the President had had an opportunity to consider the matter.

President Morales of Santo Domingo has informed this government of his approval of the suggested salary of $500 a month for Col. Colton, who has been appointed by President Roosevelt as supervising receiver of the Santo Domingo customs under the recently arranged modus vivendi. The salaries of the other receivers will be fixed later.

It was announced at the War Department today that Alfred Noble, consulting engineer of the Pennsylvania Railroad, would probably be appointed on the advisory board of engineers of the Panama canal to serve with Messrs. Parsons and Burr and the invited representatives of Great Britain, Germany and France.

Sir H. Mortimer Durand, the British Ambassador, was among the callers at the State Department this morning. The principal purpose of his visit was to suggest some reciprocal arrangement between this country and Great Britian with regard to the inspection of passenger ship.

THE WESTERN ELECTIONS.

The negro question was the issue in the Guthrie City Oklahoma, election Tuesday and the citizens' ticket, headed by Dr. Duke for Mayor and pledged to restrict the political power of the negroes, was successful, defeating the republicans. In Oklahoma City the republicans defeated the democrats, now in power, and elected Dr. Messenbaugh Mayor. Democratic city tickets were successful at South McAlester, Chickasha, Anardarka, Lawton, Newkirk, Ponca City and Shawnee.

Dr. F. B. Fite, democrat for Mayor of Muskogee, I. T., and the entire democratic city ticket have been elected. The race question was the issue, there being a negro on the republican ticket.

The elections generally in Nebraska have been a victory for the liquor interests nearly nine-tenths of the towns voting in favor of having saloons. All of the larger towns favored high license, including Lincoln, Grand Island, Kearney, Columbus, Blair, Hastings, Norfolk, Fullerton, Wayne and Nebraska city.

A democratic landslide struck Colorado in the municipal elections held in all cities and towns except Denver. In Pueblo, Colorado Springs and Leadville, normally republican, the democratic tickets were successful, in the latter case the first time in 20 years. In the smaller towns where party lines were drawn the democrats won, the notable exceptions being Cripple Creek, Victor, Golden and Central city.

In the Springfield, Ill., city election the democrats made a clean sweep, electing the Mayor, all of the city ticket and 9 out of 14 councilmen.

Melvin; general home missions, C. R. Strauberg; education, J. M. Dickey; church home, L. A. Bennett; Bible and tract, G. D. Brown.

DEATHS IN VIRGINIA

Jonah Tavener died at his home, near Philomont, Loudoun county, on Tuesday, aged 70 years.

While on a business trip in Warren county, yesterday, L. F. Ridenour, a prominent farmer and cattle dealer, of Bartonsville, Frederick county, was stricken suddenly with heart trouble and fell dead before assistance could reach him. Mr. Ridenour was 60 years of age and was twice married.

J. Mortimer Kilgour died at his home, near Hillsboro, Loudoun county, on Tuesday night, at the age of 84 years. The immediate cause of his death was pneumonia. He was a native of Montgomery county, Md., and was the son of Judge Kilgour, late of that county, and a cousin of Col. William Kilgour, of Rockville, Md. He was for many years a practicing attorney at the Leesburg bar, and after the civil war was elected commonwealth's attorney for Loudoun. Several years prior to his death he was engaged in writing a history of Loudoun county, but was not able to complete it.

The most striking overturning of a unionist majority among the numerous recent defeats in bye-elections in England was recorded at Brighton yesterday, when Gerald Lodger (unionist), recently appointed junior lord of the treasury, was defeated by E. Villers. The news gave rise to a demonstration in the House of Commons.

General Fitz Lee last night addressed the members of the general assembly of Illinois, in Representative Hall, in behalf of an appropriation for the exposition to celebrate the three hundredth anniversary of the founding of Jamestown, Va. President Roosevelt has issued another order, this time placing all laborers in Washington, who are doing clerical work, on the civil service rolls. Edward Thomas, of Baltimore, has posted a forfeit of $200 at Niagara for William J. Glover, jr., to swim against Capt. Carlisle D. Graham through the Whirpool Rapids of Niargara. Mr. Thomas yesterday received a letter from Graham announcing that his forfeit was also up. The men have signed the agreement that requires a bet of $1,000. If Glover should succeed he proposes to make a trip to England to carry out his long-cherished plan to swim the English Channel.

GERMANY AND MOROCCO.

Germany yesterday clearly outlined to the United States her Moroccan policy. Acting under instructions from Berlin, Baron Speck von Sternburg, the German ambassador, called at the War Department and left with Secretary Taft a memorandum to this effect:

"Germany stands for the open door in Morocco, as in the far East, and for the preservation of the status quo, and for the safeguarding of the commercial and trade interests not only of Germany, but of all trading nations of the world."

Secretary Taft, without committing this government on the subject, thanked the Ambassador, and promptly forwarded the memoradum to President Roosevelt.

Germany makes no mention of France in the memorandum, nor does she request an expression of views by the United States.

This information has been conveyed to the United States because of the sensational reports abroad about Germany's attitude.

Regarding the Emperor's visit to Tangier, although it was in the line of his cruise in the Mediterranean, the object of his address was, it can be stated on high authority, to impress the Moroccans with the seriousness of Germany's desire that the status quo should be maintained and that the principle of the "open doors" laid down by Secretary Hay with reference to China, should be strictly adhered to in Morocco.

In diplomatic circles the significance of Germany's frank avowal at Washington of her views about Morocco is not under-estimated, and the incident has attracted all the more attention because of its occurrence on the day on which the Washington government officially disclosed the initial role played by Emperor William in the exchanges of the powers last year regarding Chinese neutrality in the far eastern war. Some diplomats believe the object of the German representations at this time is to evoke from Washington a similar avowal of adherence to the "open door" policy in Morocco.

King Edward's passage through France today on his way to Marseilles and his meeting with President Loubet are attracting notable attention. The officials in Paris do not wish the meeting to assume political significance in connection with the Morocco incident. Nevertheless, a large section of the press and public will attach significance to the exchange of Anglo-French amenities immediately following Germany's announcement that she does not accept the Anglo-French agreement relative to Morocco. Similar popular significance is attached to the meeting of the French and British squadrons off Spithead in the summer, though the arrangements for the meeting long preceded the Morocco incident, so it has not the slightest relation thereto. Nevertheless, the coming friendly gathering of the formidable French and British squadrons bring out much comment.

An effort is again being made to create an impression in Paris that the United States has an understanding with Germany relative to Morocco, but the authorities are satisfied that the report is misleading and false.

Letter to J. M. Johnson,

Alexandria, Va.

Dear Sir: As your business is to get people into and out of trouble, suppose you consider their paint; it makes 'em almost as much trouble as money, except, of course, matrimony.

They buy poor paint a good deal; they don't mean to; they don't know any better; they buy without thinking. Bad paint isn't good. It looks good-enough for a year; then begins to get rusty; but changes so slowly, one don't notice it.

Looking isn't all. The business of paint is to keep a house dry inside, the wood and iron of it; keep it from rotting and rusting. Takes good paint to do it.

Good and bad paint are sold at one price or about that. One can't go by the price at all; as with lawyers, the price has nothing to do with goodness or badness; and costs are worse yet; the painter and sheriff come-in for their share.

But the probability is that a man who paints Devoe, will come-out on top.

Yours truly,
F W DEVOE & CO

Mr. T. M. Balderson, of Richmond county, and Miss Ruby May Hart, daughter of Mrs. B. F. Hart, of "Sherwood Forest," Stafford county, were married in Fredericksburg Tuesday at the home or the officiating minister, Rev. R. A. Williams.

A telegram was received in Washington, yesterday, announcing the death Tuesday night in Pensacola, Fla., of Major Henry L. Biscoe, who had been in the wholesale lumber business in Washington since 1866 and was one of that city's most prominent citizens. He was a prominent mason and former Confederate soldier.

Old Dominion Chapter, Daughters of the American Revolution, of Richmond, yesterday discussed and indorsed the proposition of Gen. Fitzhugh Lee to have the remains of the Indian princess, Pocahontas, brought there for interment on Jamestown Island. Daniel Knowles, aged 75 years, one of the few survivors of those who fought on the Confederate ram Virginia, in the fight with the Monitor, in Hampton Roads, during the civil war, is dead. On the Virginia, during the Hampton Roads fight, he was a gun captain and commanded the big Dahlgren gun crew during the two days' fight.

A dispatch from Bristol says:—Coming home from the coal field at night, John Richards, of Weavers, went to the home of his father-in-law, Anderson Peters, armed with a pistol, intending, it is alleged, to kill his wife, with whom he had not lived for several months, and to get possession of their child. As he entered the house with revolver in hand, in search of his wife, his father-in-law struck him a blow on the head with an iron bar, it is declared, killing him instantly.

Suspected of Horrible Crime.

In a mountain valley near Shadwell, Albemarle county, and removed from the nearest neighbor about two miles, Mrs. W. J. Thompson and her two young children were burned to death on Friday night last, and the small cabin home was left a mass of smoking ruins. Yesterday afternoon Will J. Thompson, the husband of the woman and father of the children, was arrested upon a warrant charging him with the triple murder. Last night he was placed under guard at the home of Constable Lang, near Shadwell. This morning he was brought to Charlottesville and placed in jail.

The arrest was made at a house on the estate of Joseph Everett, three miles distant from the Thompson home. Here Thompson had lately been employed. When told the nature of the charge he did not manifest any surprise.

"I am willing to go with Mr. Lang," he said. "I don't know anything about this more than I told the magistrate. Me and my brother worked hard Friday, and we slept Friday night in this house here. We got up before daylight, but we did not see any light from the fire. The first I heard of it was when Mr. Jarman told me about it at 10 o'clock next morning."

Thompson's only explanation of the fire is that it must have been caused by an old stove with a defective flue. This stove was situated in the shed. He denies the reports that he and his wife had not lived happily together.

"We were as happy as most married people," he said. "We disagreed sometimes, but it did not amount to much. We had not separated. I stayed over here at the Everetts' house because it was too far for me to walk home at night."

C. W. Thompson, a brother, was present when the arrest was made and confirmed all his brother had said;

Statements attributed to Thompson since he testified before the coroner's jury have strengthened suspicions. In a recent conversation he remarked that he was extremely unlucky; that his first wife and her two children had died the same year. Since he has been accused of the murder of his second wife, the circumstances under which his first family died will be investigated. Young Thompson, the sixteen-year-old son of Mrs. Thompson by her first husband, swears to the story of cruelty to his mother by his stepfather. He says Thompson drove him from home, and that he choked and beat Mrs. Thompson the Sunday before her death.

The merchant at Shadwell states that Thompson used to buy family supplies and take them home, but has purchased nothing for his family as far as he knows for two months.

Thompson will be given a preliminary hearing before Magistrate Williams at Shadwell on Tuesday next.

Today's Telegraphic News

Russia's Internal Troubles.

St. Petersburg, April 6.—That the internal dissensions are becoming worse all the time is shown by the reports which are being received constantly which tell of rioting and the burning of property in many parts of the country. The peasants are the offenders in most of the instances which have been reported today. The belief is becoming more general that the rebellious forces are working together and fears for the future are expressed.

Reports from an official agency at Tiflis, Trans-Caucasus, state that there have been many disturbances in that section. These include the looting of the public offices at Sitzi on March 27, when the peasants sacked the schools, a number of estates, and five mills, and destroyed the priest's house and the school at Rouisi.

On March 28 the private estates at Achabeti were fired. The manager of the estates was wounded. Two days later the rebels returned and destroyed valuable public documents. On March 29 six hundred peasants looted the public offices at Chindsi and defied the police who sought to stop them.

At Koutais, in Asiatic Russia, on March 30, six armed men robbed the inspector of the ecclesiastical school. Police officers and Cossacks pursued them. Two of the robbers were killed, two others were wounded, and the last two captured.

Warsaw, April 6.—Harsh measures are being adopted by the authorities to put an end to the internal disorders in Poland. Orders have been issued that the participants in the recent disturbances shall be tried under martial law. Two workmen have already been tried in this manner, and condemned to be hanged.

Kishineff, Russia, April 6.—An unknown man made an attempt to assassinate M. Kirligsi. The assassin fired a revolver shot at the officer, but failed to hit him. The man escaped.

St. Petersburg, April 6.—Sixty hands employed in the factory of Kruscha Ember suddenly swooned today, having been poisoned in some mysterious manner. Physicians were summoned immediately but were unable to trace the cause of the sudden illness of the factory employes. Twenty-eight of the hands are in a critical condition.

St. Petersburg, April 6.—It is reported that the Czar is considering today the question of abolishing the office of Procurator of the Holy Synod, which is now held by M. Pobiedonostzeff. This is the outcome of a desperate struggle between M. Pobiedonostzeff and President Witte of the Committee of Ministers which has been raging desperately for several days. M. Witte has secured the co-operation of M. Antonius, Metropolitan of St. Petersburg, and seems likely to win in the encounter. If he is successful it will mean the introduction of wide religious reforms.

Russians Repulsed.

Tokio, April 6.—An announcement which has been made regarding the movements of the armies in Manchuria says that on April 3 the Russians sent a force southward. Chingheatun was bombarded and an advance made against both Japanese flanks. The Russians were repulsed the next day. The Japanese losses numbered twenty-seven wounded while the Russian casualties are estimated at over 200.

St. Petersburg, April 3.—According to dispatches received from Manchuria a Japanese detachment is advancing on the Russian position on several roads, and this may mean that active hostilities on a large scale will be resumed shortly. General Harkeviteh, Gen. Linievitch's chief of staff, who makes the report states that the detachment of the enemy has been discovered on the Russian front moving on the Mandarin, Chantfu, and Maymaykay roads. No estimate of the strength of the detachment is given. General Harkevitch also reports that the Corean detachment of the Russian force encountered a Japanese force near Kilchjui, in northern Corea, and dispersed the enemy.

Alleged Military Plot.

Paris, April 6.—In connection with the alleged military plot which has been unearthed the police this morning searched the house of Colonel Marchand, who resigned from the army about a year ago, where they seized numerous papers. The contents of the documents are not known. Colonel Marchand is absent from the city at present. His friends say they are ignorant of where he is traveling. Colonel Marchand is the hero of the Fashoda affair. His resignation from the army created something of a sensation. It was generally believed that he was led to resign because of his disappointment at not being sent as the French attache with the armies fighting in the far East. The exact nature of the supposed plot is not known. The police were led to the conclusion that some conspiracy was being hatched by the discovery of a large quantity of rifles and cartridges yesterday in a house in the suburbs, which followed the finding of 500 military uniforms recently in the home of Captain Tamburini.

The Earthquake in India.

London, April 6.—A dispatch to the Exchange Telegraph Company from Lahore, British India, says that eighty per cent. of the population of Dharmsala, the hill station which suffered so severely in the earthquake, were killed. A Gruesome Find.

San Francisco, April 6.—Wrapped in an old blanket, the body of a youth with head, arms, and the legs below the knees missing, was found at a street corner in the north part of the city last night. The body was still warm and quivering. Blood with which the blanket was saturated was still wet. George Oliva, a boy, saw a man carrying a heavy bundle. His actions seemed peculiar and the lad followed him. When the man noticed that he was followed, he placed his burden on the sidewalk and hurried away. Oliva followed the stranger a block, secured a look at his face, and returned to the bundle. A policeman arrived at about the same time and the bundle was examined. The blanket contained the naked body of a young man eighteen or twenty years old. The head had been rudely hacked off, the arms chopped off close to the body, and the legs had been removed almost to the knees. A woman's fringed shawl, old and well worn, was wrapped around the neck, and shoulders. A red blanket of a design and make in common use among Italians was the dead man's shroud. It was wrapped tightly about the body with a piece of cord of the size and texture used by Italian fishermen in making nets. A single knot with which the blanket was tied was a knot peculiar to fishermen. The body was so warm that death could not have occurred more than a few minutes before the crime had been discovered. A search so far has failed to throw any light upon the mystery. Detectives say they believe the crime was the work of the Mafia.

A more minute examination of the body showed that the victim probably was killed by a savage slash in the throat, that the point of a keen knife had been driven deep into the neck at the right of the "Adams apple," and the weapon jerked backward toward the right with great force. Apparently the murderer attacked his victim from behind or over the right shoulder to cut his throat. The terrific slash severed the jugular vein. Blood hounds were put on the trail at daylight. A house to house canvass of the neighborhood by the police has begun.

The President in Texas.

Dallas, Texas, April 6.—A reception on the steps of the biggest capitol building in the United States by Governor Langham and the chief officials of Texas and an address to the legislature now in session, is the feature of the programme for today's trip of President Roosevelt across the heart of Texas. Austin, the capital, will be reached at 2 p. m., if the schedule is maintained. The magnificent State house is draped in red, white and blue, set off with single stars and other emblemistic devices, and it is expected twenty thousand people will assemble to greet the chief executive. The first stop of the day is to be at Waco. Brief halts are marked down for Temple and Taylor. After Austin is left the only stop before San Antonio is reached is scheduled to occur at New Branfels at dusk. At San Antonio the former colonel of the Rough Riders will be in the hands of his old comrades for their annual reunion tomorrow.

Waco, Texas, April 7.—The special train bearing President Roosevelt arrived here shortly after nine o'clock today. The President was met by a reception committee of Confederate and Grand Army organizations. Thousands of people cheered his advent at the park adjoining the station. The reception here was an ovation. The entire city was elaborately decorated and all places of business were closed.

Bloodshed at Election.

Huntington, W. Va., April 6.—Huntington is having a muncipal election today and already blood is flowing. At 10 o'clock this morning a general battle occurred with policemen on one side and deputy sheriffs on the other. Between thirty and forty shots were fired. The injured are: Roy Hill, policemen, shot in abdomen, and shoulder, may die; Jeremiah Adkins, deputy sheriff, shot seriously, but not necessarily fatally; Burt Foster, policeman; Ennis Bayless, deputy sheriff, and Henry Nash, deputy sheriff. The excitement is intense, the streets and avenues being blocked with people in the vicinity of the city hall, where the polling is taking place. Nearly all the deputy sheriffs in the rural districts of the county are here, they being democrats, while the police force is composed entirely of republicans. Another outbreak is feared.

E. T. Lilly, of Beckley, Raleigh county, a juror at the Federal court was standing on the opposite side of the street when the shooting began. He was shot in the shoulder, and seriously wounded. It is now alleged that three men standing in the upstairs windows of the city hall, emptied their revolvers into the crowd when the fighting was in progress.

Deaths from Illuminating Gas.

New York, April 6.—Four persons, an aged woman and three children, were found dead in the bed they occupied this morning, having been suffocated by inhaling illuminating gas. They are: Mary Rogers, aged, 75; Helen Clark, aged 12; Kate Clark, aged 10; Elizabeth Clark, aged 7. They are members of the family of Samuel Clark, and resided at No. 320 East 118th street. When Clark arose early this morning he detected a strong odor of gas, and upon going to the room occupied by Mrs. Rogers and the children, he was almost overcome by the fumes. He rushed to the street and called Patrolman Nevins, who sent in a call for an ambulance to Harlem Hospital. Dr. Parmenter, who responded, after examining the bodies, pronounced life extinct.

Burned to Death.

New York, April 6.—John B. Hayes, aged 43, was burned to death today in his rooms on the top floor of the five story tenement building at No. 27½ Christie street. The fire created a panic among the thirty-two families occupying that and the adjoining building, and many persons were rescued with difficulty by the police and firemen. The fire started in Hayes' rooms, and burned through to the roof. It is believed that it was caused by Hayes himself who had a habit of going to bed with a lighted cigar in his mouth. The damage amounted to about $500.

New York Stock Market.

New York, April 6.—The stock market increased in strength during the first hour and in the last few minutes sharp upward movements have occurred in all the leading issues. The great bull card is the crossing of par by United States Steel preferred for the first time in four years. The talk in the steel crowd is that John W. Gates and associates and Charles M. Schwab are making a bull deal in steel preferred here and in London.

SENATORS MARTIN AND DANIEL.

Senator John W. Daniel spoke out yesterday with reference to recent criticisms and also recent praises of his colleague, Thomas S. Martin, now in the midst of a campaign for re-election. He made it clear that he thinks Senator Martin's services to Virginia have been of a high order. It was also made plain that Senator Daniel thinks his colleague merits another term.

The struggle in Virginia has been accentuated the last few days by a speech from Gov. Montague at Spottsylvania Court House, in which he alluded to Senator Martin as "a department runner," and declared that Senator Martin had originated no legislation, that work having been done by Senator Daniel. On the other side, the Petersburg Index Appeal a day or two ago printed a two column editorial, setting forth what Senator Martin's friends claim for him. It included a long list of successful efforts, especially in securing appropriations. It gave him credit for $200,000, voted by Congress, for the diversion of Appomattox river, for $750,000 for the extension of the James river improvement, $25,000 for Richmond College in compensation for the occupancy of its buildings by federal troops, and also for a considerable number of other appropriations.

Senator Daniel was at his home, 1700 Nineteenth street, Washington, yesterday, packing up to go home to Lynchburg. He said he had been detained there after the adjournment of Congress by a variety of department business, chief of which had been the arrangements with Gen. Lee, the President, and the State Department for the Jamestown proclamation, and then by the sickness of his son's children, who are in the house with him, but are now recovering and will go home with him when the first sunny weather comes.

"My department work," Senator Daniel explained, "has been increased by the fact that the other representatives from Virginia have left the city. If any one could invent a mechanism to prevent the necessity of this tramping around from government office to government office, the stock in the enterprise would go off like hot cakes. I would like to get the first specimen of the manufactured mechanism." "Have you read the Petersburg editorial of April 4, headed 'What Has Senator Martin Done,'" Senator Daniel was asked. "Yes," he replied, "I have read the article which appeared in that paper."

"How do you regard its statements? Are they correct?"

"Its statements," he answered, "are undoubtedly substantially correct. They accord with my recollection of the proceedings of the Senate, and they do not overrate Senator Martin's services. A man is entitled to his record, and Senator Martin has without question been one of the most active, alert and efficient representative men, with references to measures in the Senate, in which his State was interested, as well as to the general legislation and to the multitude of affairs which come, of necessity, before the departments.

"There are a few alterations in the history given in the Index Appeal which I might suggest for the sake of exact accuracy, but they would not affect the substance of the statements about Senator Martin's service."

"Have you read an article of April 4 in which Gov. Montague said in his speech at Spottsylvania that Senator Martin's claims have been magnified at the expense of Senator Daniel? Has there been any friction between Senator Martin and yourself or any ground of complaint on your part against him?"

"I read the governor's speech. I appreciate his kind and generous reference to me. Justice to my colleague and to our long relations of friendship, however, require me to say that he has never appeared to me the man to try to ride another's horse and that I have always found him ready and glad to accord credit and honor where they were due.

"It is inevitable, in the nature of things, that correspondents who see only the surface of events should often fail to know their inner history. The most important services are often rendered in committee rooms, in consultations, and in drafting measures or amending them, that make no outward sign. Hence ensue mistakes, misapprehensions, and misstatements without intent. It has been my experience at times, and it must be that of all public men, to have substantial services unnoted, and trivial ones exaggerated; and I have no doubt it has happened likewise to Senator Martin and will happen to everybody else in the public service. But there has never been friction or ill feeling between my colleague and myself. We have always co-operated genially, caring little which one of us did this or that thing which was on hand, but only that it be done. I have found him invariably fair, candid, and generous, and have no complaint whatever against him."

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. WEATHER PROBABILITIES.—For this section fair and continued cool. Friday fair, diminishing northwesterly winds.

The Proposed Ferry.

The managers of the proposed new ferry line between this city and Washington believe they will soon secure a suitable steamer for the temporary service from one of the New York ferries. Several of the steamers running between New Jersey and New York, which are modern and only a year or two old, are being replaced by larger steamers. Recently two large ferry boats were completed at Newport News and have gone to New York to take places on one of the routes, and five other ferry steamers for New York routes are building and will be completed within the next month or six weeks. Four of these steamers are building at Baltimore and one on Staten Island, and these boats will replace boats now in service on the Baltimore and Ohio railway routes. It is one of these displaced steamers the new ferry company proposes to obtain to run on the route while the new boats are being built.

Parrot Attacked.

During the wee sma' hours of last night the inmates of a King street boarding house were awakened by cries of distress from a parrot which was in a cage on a lower floor. Several persons went to the room and found the bird on its back bleeding and calling loudly for help. Over the bird stood a huge rat which had entered the cage and made a murderous attack upon the parrot. A gentleman of the rescuing party procured a stick and attacked the rodent, and after some difficulty succeeded in driving it out of the cage to the floor, where it was dispatched. "Polly's" wounds will, it is thought, prove fatal.

Collision with Freight Train.

A light engine of the Southern Railway en route from this city to Washington about 6 o'clock yesterday evening ran into the rear end of a freight train at Waterloo. Millard S. Ticer, engineer in charge of the engine, was thrown from the cab and injured. Douglass Lunsford, the fireman, was also thrown to the ground, and his injuries, while not serious, were painful. The cab and front part of the engine were badly damaged. Engineer Ticer was assisted into the cab of his engine and ran it back to this city. Upon arriving here he was taken to his home, 1123 King street.

Wedding.

Miss Lula Claibourne Cox, daughter of Mr. Joseph E. Cox, formerly of this city, and Mr. William M. Reardon, jr., of Alexandria, were married yesterday morning at the home of the bride's father, 315 Florida avenue northwest, Washington. Rev. E. V. Regester, of Baltimore, formerly pastor of the Methodist Episcopal Church South in this city, officiated. The ceremony was performed in the presence of only the immediate relatives of the bride and groom. Mr. and Mrs. Reardon left for Atlantic City to spend their honeymoon.

Drawing to a Close.

The oyster season will close with the end of this month. During most of the winter the bivalves have been scarce by reason of the prolonged freeze, and most of those which have come here were shucked elsewhere. Fine oysters have been growing scarce for years, and the varieties which in by-gone days were brought here on vessels are not seen hereabouts in these days. A few weeks ago a small boat arrived here with some fine speciments which sold at 90 cents a bushel.

Columbia Meeting.

The regular monthly meeting of the Columbia fire company was held last night, when considerable business of importance was transacted. Three applications for membership were received. The committee's report on the revision of the roll was adopted

Mr. Graham purposes to erect a porkpacking plant and a cold-storage warehouse on the property.

The Fishery.

The rainy weather and northeast winds of yesterday interfered materially with the gillers, and but few shad were caught. The receipts of herring, however, keep up. Shad sold today at from 20 to 30 cents each for buck, and at 40 to 50 cents for roe. Herring brought 20 cents a dozen. Many perch, rockfish, catfish and other varieties are arriving.

Change in Weather.

The rainy weather of yesterday and last night passed away at an early hour this morning, when the wind changed to the northwest and clearing conditions followed. The temperature had fallen considerably by daybreak, and fires again became necessary in houses, while those moving about the streets found overcoats comfortable.

An explosion of naptha in one of the naptha tanks on board the auxiliary yacht Grilse, lying at the foot of 23d street, south Brooklyn, today damaged the yacht to the extent of about $12,000. The flames communicated to the yacht, Mindora and caused a loss of about $3,000. The captain, mate and others were injured.

Mayor-elect Dunne's first step toward the installation of municipal street railways in Chicago, through an official, was the dispatch of a cablegram to the Lord Provost of Glasgow, Scotland, asking for "the loan" of his traction expert for thirty days It is the idea of the mayor-elect that the Glasgow system approaches the ideal and is the proper one for Chicago to copy.

The Nan Patterson Case.

New York, April 6.—J. Randolph Patterson, of Washington, D. C., father of Nan Patterson, the former "Floradora" girl, under indictment, charged with the murder of "Caesar" Young, a bookmaker, was again subpoenaed to appear before the grand jury today, but owing to the fact that the Assistant District Attorney was engaged in another case, Mr. Patterson was excused. He was, however, served with another subpoena to appear before the grand jury tomorrow. Mr. Patterson's appearance before the grand jury yesterday was to identify certain letters which he had written to his daughter Julia since she fled from the jurisdiction of this State with her husband, J. Morgan Smith.

According to the defense, when Nan Patterson is again brought to trial there will be a number of new witnesses, who will testify in her behalf. Several of these will be sporting men, who will testify that J. Morgan Smith was abroad a train coming from Gravesend track at the time he is alleged to have purchased the revolver at the establishment of the pawnbroker, Herman Stern.

Mrs. J. Morgan Smith will also be put on the stand to refute the statement of the prosecution's witnesses that Caesar Young met Nan Patterson by appointment on the morning of the shooting. She will testify, it is said, that Young on that morning called her up on the 'phone four separate times, with the request that Nan meet him and that she carried the message to Nan. The first three times Nan said she did not care to get up and desired to continue her sleep. When the message was delivered the fourth time, Nan got up, dressed herself and went to meet Young.

Members of the mediaeval guilds wearing historic costumes, the Burgomaster and the city councillors will greet Cecile at the Brandenburg Gate.

A state banquet will be given to the weeding guests on June 5. The wedding day, June 6, will be a public holiday and free dinners will be given to 500,000 of the poor.

Senator Martin to Reply.

Senator Thos. S. Martin, it is practically settled, will soon take the stump in his own behalf and will answer the charges brought against his official record by Governor Montague at Spottsylvania and Yorktown. The Senator has been furnished a stenographic copy of Governor Montague's remarks, and he is said to be studying them diligently so as to be in a position to make his reply a complete one. When asked what he expected to do Senator Martin said today: "There is no question that the people of Virginia will hear from me in an emphatic way as to all Governor Montague has said in connection with me."

Senator Martin last night held a conference at Murphy's Hotel in Richmond, which was attended by a number of his friends and supporters in that city, and at which plans for the senator's campaign in the city were discussed. The meeting was one of representative men and would have been even more largely attended, but for the inclement weather, several sending expressions of their approval and regretting their inability to be present. The most important action of the conference was the adoption of a resolution authorizing the chairman of the meeting to name a committee which will arrange for a mass-meeting to be held in the Academy of Music and which will be addressed by Senator Martin and possible by others. The date of the meeting will be fixed later, the chairman not yet having selected the committee. It was also determined to prepare an address summarizing the more important services of Senator Martin and presenting his claims for re-election.

Richmond, Va., April 6.—The Martin people are jubilant over the conference of Richmond business men in the Senator's interest held last night, and also over Daniel's interview defending Martin.

Storms in North Carolina.

News reached Charlotte, N. C., last night of a serious wind and rainstorm covering large sections of country some thirty to fifty miles north of Charlotte, in Iredell and Rowan counties. A dispatch from Mooresville says:

"A terrific storm, attaining the proportion of a cyclone, passed over this section Wednesday afternoon. Many dwelling houses were totally destroyed, while six others were unroofed. So far as known, no one was killed or seriously injured. There were a number hurt to some extent and some narrow escapes."

At Spencer, N. C., the seat of the big shops of the Southern Railway, some thirty miles north of Mooresville, the new mercantile store of C. E. Fesperman was totally destroyed, at a loss of about $5,000. Friendship Methodist Church, in East Spencer, was considerably damaged. Numerous chimneys and outbuildings were blown down, and it is said that hardly a residence in the town escaped some injury. A little girl barely escaped drowning from the deluge of rain.

A violent tornado yesterday afternoon did great damage to Livingston College, at Salisbury, blowing down Ballard Hall auditorium and laundry. Two students, L. Hall and Ernest Robinson, were seriously injured. The loss is about $7,500. Mr. Carnegie recently gave the institution $12,500 for a library. Two churches were destroyed by the windstorm.

To Marry a Jewess.

It was announced in New York yesterday that J. G. Phelps Stokes, a millionaire and son of Anson Phelps Stokes, a millionaire, was to marry Miss Rose H. Pastor, formerly a staff correspondent of the Jewish Daily News. Miss Pastor is well known as a writer and Mr. Stokes is prominent in the social and business world. Miss Pastor a few weeks ago resigned her position on the Jewish Daily News to accept a clerkship in the office of her fiance, who is a University Settlement worker.

One of Mr. Stokes' sisters, Caroline, met her husband in circumstances similar to those which her brother met the woman whom he intends to make his wife. Miss Stokes was much interested in the movement to improve the condition of the poor of the east side of New York and was a frequent visitor to the University Settlement headquarters. It was there she met Robert Hunter, then head worker of the settlement. A warm friendship sprung up between the two, and this culminated in marriage.

Another sister of Mr. Stokes is Baroness Halkett. One of his brothers, Anson Phelps Stokes, jr., is a Protestant Episcopal minister and secretary of Yale University. Mr. Stokes himself is a Yale graduate, class of '92, and a member of many clubs.

Although Miss Pastor is a young woman of the highest respectability, the relatives of Mr. Stokes have interposed serious objections to his marriage to her on the score of her religion

Miss Pastor was born in Russia 25 years ago. She left that country for London in 1882, and there attended the Jewish Free School from the age of 7 until she was 9. The family immigrated to Cleveland in 1891 and the girl, than 12 years old, went to work in a cigar factory, rolling cigars. She remained there until 1902, when she came to New York to accept a position on the Jewish Daily News.

Blown to Pieces.

T. C. Lamb, superintendent of the Tres Amigos mine, Arizona, has been blown to pieces by an infernal machine while asleep in his house at the edge of town. Several sticks of dynamite were placed under a corner of the house and a five-foot fuse attached. When it was exploded the house and contents were scattered all over the hillside. Fragments of Lamb's body were found at places half a mile away. Lamb's wife and family are in the East on a visit. At the coroner's inquest a verdict of murder by persons unknown was returned, but arrests are expected to follow. Lamb had been involved in several bitter disputes about mining property. A strict investigation is being made.

Heroic Act of a Woman.

Three highwaymen with blackjacks and revolvers attacked Dominick Danzo, a wealthy produce merchant, in Twenty-fourth street, New York, early yesterday, beat him into semi-consciousness and would have robbed him of a large sum of money and jewels had it not been for assistance given him by his niece, Miss Malino Wayle, whom he was escorting home.

As it was, Danzo saved his money and valuables and one of the robbers was captured after Miss Wayle had been struck with a blackjack, a policeman had had part of his hand blown oft by an exploding revolver, a citizen had been knocked down and injured by the robber and several other policemen had received cuts and bruises which called for treatment by an ambulance surgeon.

Danzo and Miss Wayle were going through Twenty-fourth street when three men sprang out of a doorway. One of the men seized the merchant by the throat and bore him to the ground. A second rained blows on his head with a blackjack, standing with a revolver in hand to shoot if he resisted, and the third started to rifle his pockets.

Miss Whayle carried a heavy umbrella. So sudden was the attack that she was thrown from her feet, but arising, she dealt the man with the revolver a hard blow on the head with her umbrell handle. He was staggered by the blow, and before he could recover a second knock on the head sent him to his knees. A blow from a blackjack felled the girl, but in the meantime her screams had brought several policemen to the scene. Two of the robbers had run away before the police arrived, but the one who had been felled by the girl's umbrella was left behind. He regained his feet and broke into a run with the officers only a few yards behind him. He refused to halt even when half a dozen shots sped after him, but finally was overtaken and beaten into unconsciousness after a fierce struggle with his captors. A policeman's hand was badly shattered by a revolver which exploded during the chase. The others were injured in the struggle before the robber was captured.
